Coding HT4/WB13 Remote Control 433MHz Hand Transmitters

BOSS OL4 Sectional Garage Door Opener

May also be branded Guardian

1. Additional transmitters can be coded as follows:

❖ Press the "RADIO SET" button for 1-2 seconds *(the courtesy light will flash once and stay on for 30 seconds).*

❖ During this 30 second time period press the push button on your remote until the courtesy light flashes twice *(the code has been accepted)*

❖ If the code is not accepted the courtesy light will stay on for 30 seconds, flash 4 times and then stay on for 2.5 minutes.

Repeat above procedure for all additional handsets.

Note: A maximum of 20 codes can be learned by the opener. If you attempt to code more than 20 transmitters the oldest code will be deleted.

2. Deleting transmitters:

Note: This procedure will clear all programmed remotes, wireless wall buttons and wireless keypads from the opener.

❖ Press and hold the "RADIO SET" button for 5 seconds *(the courtesy light will flash 7 times indicating all transmitters have been cleared from memory).*

Follow procedure 1. above to code new remote control hand transmitters.

Coding HT4/WB13 Remote Control 433MHz Hand Transmitters

BOSS OL6 Sectional Garage Door Opener

May also be branded Guardian
